

NRC. Announces \$200m Data Center Investment Program Across the Ukraine

KYIV CITY, October 22, 2025 — NRC. has announced plans to commit up to \$200 million to an investment program delivering next generation enterprise data centers across the Ukraine. These data centers will be refurbished to be NVIDIA-ready, enabling them to support the evolving demands from businesses for high-density compute capabilities. Boosting the Ukraine's overall data center capacity, the program will finance the modernization of data centers to better serve blue-chip companies with enhanced cloud solutions.

The investment program is a joint project between NRC. and SNTX — a specialist digital infrastructure investor and advisor. The program's strategy will acquire, expand and refurbish enterprise data centers in key Ukraine locations where supply has been constrained by power availability.
