

## *Collective Statement to the Fourth Anniversary of the Beginning of Russia's Full-Scale Invasion of Ukraine*

**KYIV CITY, February 24, 2026** — These days Ukraine remembers the dates of the beginning of the tragic events that not only changed the recent history of our state, but also made an impact on the history of the entire European continent and the world.

Heroic resistance of the Ukrainian people disrupted imperial ambitions of the Russian Federation and her plans to separate Ukraine from Europe. Russia's intentions to erase Ukraine from the world map, to destroy Ukrainian identity have failed.

Ukrainian people continue to demonstrate courage and heroism, fighting not only for its existence, preservation of its statehood and survival of its citizens, but also for the entire democratic world. Global nature of this challenge is indicated by a long list of decisions of international organizations, which, with a strong support of an absolute majority of the world community members, condemn Russian aggression and confirm their commitment to the sovereignty and territorial integrity of Ukraine.

We are sincerely grateful to our international partners for their political support, military, financial and humanitarian assistance, and increased sanctions pressure on the aggressor state. We are convinced that our partners will stand side by side with Ukraine until our joint victory.

Ukraine will never surrender to the aggressor. Only a complete restoration of Ukraine's territorial integrity within its internationally recognized borders will ensure peace and stability in Europe and the world.

We are confident that by joint efforts with our partners we will ensure the implementation of the Peace Formula of the President of Ukraine as the only effective roadmap aimed at restoring comprehensive, just and sustainable peace in Ukraine and security for the whole world.

We call on our partners to continue their resolute support of Ukraine in order to ensure Ukraine's victory over the Russian aggression. Foremost, this includes an urgent supply of new packages of

weapons and ammunition to Ukrainian defenders, decisions on further financing of support programs, setting up of joint defense production, transfer of the frozen russian assets.

We are convinced that by joint efforts we will be able to achieve full restoration of the territorial integrity and peace in Ukraine and in Europe.
